1.	Dr hab. Katarzyna Czerewacz-Filipowicz, prof. PB	Impact of the Covid-19 pandemic on distribution in the global supply chains of global trade and service companies	The COVID-19 pandemic has changed the business environment for many organizations around the globe, and has highlighted the importance of being able to react, adapt and set up crisis management mechanisms in order to weather situations of uncertainty. The doctoral dissertation's subject concerns identifying the impact of the covid-19 pandemic on the distribution process in global supply chains. The research should be based on the example of a global trade and service company, for which the distribution stage is one of the key areas of operation.	85 746 98 25	k.czerewacz@pb.edu.pl
